Attainment's Life Skill Lessons 2006 the recent focus on transition from school to working life has created a growing concern in oregon about teachers with elementary certification as their initial certification who earn a special education certificate and teach students with disabilities in secondary settings thus the purpose of this study was to investigate the relationship among initial certifications elementary secondary and k 12 where oregon high school special education teachers received the major part of their transition skills training and their self perceived needs for further transition skills training the population for the study consisted of 213 secondary special education teachers of students with mild disabilities from throughout oregon the instrument was a survey type questionnaire that included 14 transition skill competencies for teachers subjects were first asked where they received the major part of their training in each of the transition competency skills next they were asked to rate their self perceived needs for further training in

each of the transition skills the instrument design was validated through a delphi procedure data were collected during the spring of 1987 and the fall of 1988 no significant statistical relationships were found between initial certification and where teachers received the major part of their transition skills training or their self perceived needs for further training however three major implications became apparent from the data first decisions regarding coursework could be examined at the preservice level next opportunities for preservice teachers to participate in team decision making activities should be examined lastly personnel inservice preparation programs at the district level should be examined to ensure that transition skill competencies for teachers are included recommendations included follow up studies to find out if the size of school type and level of endorsement major and minor fields of study and years of teaching may have an effect on transition skills training of secondary teachers
